

Hansana Prabath

Place of birth: Kandy, Sri Lanka | **Nationality:** Sri Lankan | **Phone:** (+94) 702766419 (Mobile) | **Email address:** devhanza@gmail.com | **Website:** <https://hansana.is-a.dev/> | **LinkedIn:** devhanza | **Github:** devhanza | **Address:** Katugastota, 20800, Kandy, Sri Lanka (Home)

ABOUT MYSELF

Software Engineer with **2+ years of practical experience** developing full-stack web applications using **JavaScript** and **MERN Stack**. Focused on delivering maintainable, scalable solutions with strong attention to user experience and product quality.

SKILLS

JavaScript | TypeScript | React | Express.js | Node.js | Next.js | Angular | MongoDB | MySQL | HTML | CSS | Bootstrap | Tailwind CSS | SCSS | REST APIs | CI/CD | Git | Docker | Postman | Figma | UI/UX | Linux | Python | WordPress

WORK EXPERIENCE

24/10/2025 - CURRENT - KANDY, SRI LANKA

WEB DEVELOPER- FREELANCE

- Designed user-friendly websites, focused on visual engagement by applying UI/UX best practices in Figma.
- Delivered 3+ business websites from concept to launch by translating Figma designs into responsive WordPress sites.
- Enhanced functionality and UX by developing custom frontend/backend features using JavaScript, PHP, HTML, and CSS.
- Achieved 80%+ PageSpeed performance scores by implementing image, code optimizations, and best practices.
- Delivered 100% of projects on schedule by maintaining clear communication and iterative client feedback cycles.

24/03/2025 - 24/10/2025 - KANDY, SRI LANKA

WEB DEVELOPER INTERN- AVLANCHE

- Built and delivered 12+ WordPress websites in 6 months by collaborating with design and development team.
- Implemented custom frontend/backend functionality using JavaScript, PHP, HTML and CSS to extend core features.
- Maintained 40+ websites by performing regular updates, optimizations, and improvements to ensure stability and speed.
- Selected for 3+ high-priority projects based on performance, attention to UI/UX detail, and reliability.
- Improved Google PageSpeed scores from around 50% to 90%+ by clean, efficient code and speed optimization practices.

01/01/2024 - 23/03/2025 - KANDY, SRI LANKA

FRONTEND DEVELOPER- FIVERR FREELANCER

- Translated UI/UX designs into accessible and responsive frontend experiences with strong attention to detail.
- Developed interactive interfaces using JavaScript, HTML, CSS, and API integrations, focusing on responsive design and usability.
- Collaborated with clients to gather requirements and deliver solutions aligned with business goals and user expectations.
- Maintained clean, modular, and scalable codebases by following frontend development best practices and reusable code.

PROJECTS

Habitzzy — Habit Tracking & Productivity Platform

Tech Stack: React, Node.js, Express.js, MongoDB, React Router, Docker

- Built a full-stack MERN application with habit management, streak tracking, and real-time leaderboard.
- Implemented JWT authentication flows including register, login, token refresh, and protected routes.
- Improved performance by preventing unnecessary re-renders using memoization such as React.memo.
- Designed reusable frontend architecture with React Context and modular Chakra UI components.
- Containerized frontend and backend services with Docker for consistent deployment and scalability.

SchoolNotes — Note-Taking App for students

Tech Stack: Angular, Node.js, Express.js, MongoDB

- Developed a full-stack MEAN application with note creation, editing, deletion, category filtering, and search functionality.
- Designed RESTful CRUD APIs and structured MongoDB schemas.
- Built responsive dashboard interfaces in Angular with real-time UI updates.
- Used Angular state handling with component-level and service-based data flow.
- Configured backend API communication with CORS.

● EDUCATION & TRAINING

01/05/2023 - 09/09/2024 - COLOMBO, SRI LANKA

TRAINEE - FULL STACK DEVELOPER- UNIVERSITY OF MORATUWA

Frontend Development (Javascript, Angular, jQuery, AJAX, HTML, CSS), Backend Development (Python, Node.js, Express.js, REST APIs, Git), UI/UX Design Practices, Soft Skill Practices

22/12/2021 - 25/06/2024 - KANDY, SRI LANKA

G.C.E ADVANCED LEVEL- NUGAWELA CENTRAL COLLEGE

Engineering Technology (ET), Science for Technology (SFT), Information & Communication Technology (ICT), General Information Technology (GIT), General English

● CERTIFICATIONS

13/07/2025 HackerRank

Frontend Developer (React)

Certified by HackerRank, with demonstrated skills in React, JavaScript and frontend engineering concepts.

Link <https://www.hackerrank.com/certificates/8744d6a69bbc>

23/09/2023 SYNC'23 (Organized by Dharmaraja College, Kandy)

Inter School Web Developing Competition - 1st Place (Islandwide)

Secured 1st place islandwide among 40+ top schools in Sri Lanka in an inter-school web development competition.

● LANGUAGE SKILLS

Mother tongue(s): **SINHALA**

Other language(s): **ENGLISH - PROFESSIONAL WORKING PROFICIENCY**
